

TOLLER PORCORUM
FOOTPATH 24

You can join Footpath 24 from the end of School Lane which can be reached by walking Footpath 1 as depicted in the previous Rights of Way article and continuing along School Lane past T L Motors.

THE OLD SCHOOL

However, by walking along Kingcombe Road from 'The Swan' pub towards Lower Kingcombe, You should be able to locate the Yellow Arrow on the

Waymarking Post which stands alongside the double gates, next to a telegraph pole, on the corner, just before Northover Farm. And here marks the beginning of Footpath 24!

If you've walked to the T-junction with Clift Lane (Poorend) you've walked too far!

Once at the beginning of FP 24, walk through the double gates, continuing straight ahead and through the gate opposite you. Please ensure that all gates are securely shut behind you.

Now, turn left and up the short, steep climb ahead of you to continue straight ahead and alongside the hedge that should be on your left. Eventually at the end of this field/hedge you will reach a stile over which you should climb. To your left is a short, grassey lane which leads you onto School Lane

Once over the stile to

follow the path of FP 24, walk down across the field, passing a water trough on your left and alongside the hedge on your left. Shortly you will reach a gap in a hedge in front of you, of which you should continue to walk through. The hedge on your left now ends and is replaced by a wire fence. From here if you look to your left you might be able to see the Church, Post Office and Railway Bridge.

Ahead of you is a stile over which you should climb finding yourself in a wooded area with a river and a bridge. Please **Keep to the Right of Way** and if you are walking a dog **PLEASE KEEP IT ON A LEAD DURING THE REST OF THE WALK.** Within this area birds regularly nest and dogs have been known to disturb them as well as breaking into nearby gardens and fouling in them! You are also approaching a housed area where children play as well as nearing traffic on Toller High Street. Continue to walk over the bridge upon which you can see Yellow WM disc's. To follow FP 24 climb up the steps ahead of the bridge.

At the top of the steps veer slightly to your right to find a fenced lane situated between two homes. Continue to walk along this lane. This takes you out into the recent housing estate called 'The Old Mills' as this was originally the site of 'The Saw Mills' and so marks the end of Footpath 24.

TOLLER HIGH STREET.
