

TOLLER PORCORUM

A FOOTPATH TO WALK FP 4

Circular Route 1, Part 3.

Whilst standing next to the gate with your back towards the A356, continue to walk alongside the hedge on your left hand side to descend the gradual slope. Along this hedge you will pass a gap with a wooden fence upon which you will see a yellow FP arrow. Continue to the end of this field where in front of you, you will see a fenced off area and a lane. Continue down into the lane along which you can see the yellow discs. On reaching the end of this lane you will find a gate which leads you into a large field, initially quite steep and then gradually evening out. Again continue along its hedge - which will be on your left hand side - where eventually at the opposite side of this field you will again reach a gate. Passing through this gate you will rejoin BR 2 (see August 1992 Parish News Edition) and on turning left can return to the village of Toller Porcorum.

Tara S Hansford,
